

9.0 EIR/EIS Distribution

The distribution of the Fresno to Bakersfield Section Final EIR/EIS emphasizes the importance of providing the documents in a number of different formats to ensure the information is fully accessible to members of the public. This includes the use of electronic media to ensure cost-effective, broad availability to the public and interested parties. The entire Final EIR/EIS (Volumes I-V) and the supporting technical reports are available on the California High-Speed Rail Authority's website (www.hsr.ca.gov). In addition to providing the documents in electronic format, the Final EIR/EIS (Volumes I-V) is also available in hard copy at the repositories listed below. Electronic copies of the Final EIR/EIS document and the supporting technical reports are available on compact disc upon request at the office of the California High-Speed Rail Authority, 770 L Street, Suite 800, Sacramento, CA 95814.

All persons, agencies, and organizations listed in this chapter have been informed of the availability of, and locations to obtain, the Final EIR/EIS. Notice of availability of the Final EIR/EIS has been included in the Federal Register. Repositories and cooperating federal agencies were sent both hard and electronic copies of the Final EIR/EIS. Copies were filed with the California State Clearinghouse. All Draft EIR/EIS and Revised DEIR/Supplemental DEIS commenters, at a minimum, receive notification of the availability of the Final EIR/EIS (see Volume IV, Comments and Responses to Draft EIR/EIS, and Volume V, Comment and Responses to the Revised DEIR/Supplemental DEIS, for the list of all commenters). Other federal agencies, state agencies, and selected interested parties listed below have received summary chapters and electronic copies of the Final EIR/EIS. Federal, state, and county elected officials, mayors of cities with possible stations, and the potentially affected local agencies listed below were mailed an informational brochure and instructions on how to obtain a copy of the Final EIR/EIS. Additional local elected officials and agency representatives and all others on the project mailing list (approximately 10,000 contacts) have been mailed a notification that includes information about how to access the Final EIR/EIS.
