- The following contract types are not counted towards the California High Speed Rail Authority's (CHSRA) Small Business Program: Federal Agency Contracts, State Agency Contracts, Local Government Contracts, and Third Party Contracts. An "NA" (Not-Applicable) in the Small Business Utilization column denotes all contracts and PO's that do not count towards the Authority's Small Business Program.
- Vendors may appear several times due to multiple contracts.
- Actual expenditures reflect processed and paid invoices for active contracts.
- This report includes data from the most recent invoices submitted to CHSRA, monthly or quarterly for active contracts.
- The CHSRA has a small business utilization goal of 30%, per the Small and Disadvantaged Business Enterprise Policy from August 2012. Small Business Utilization percentage values for all subsequent eligible contracts represent the total dollar amount that was awarded to small businesses, divided by the total amount invoiced by the respective vendor, from the inception of small business utilization tracking to date.
- Dark Orange text and an asterisk indicates new or changed items from last months report exist for this vendor/contractor.
- As of February 29, 2024, the CHSRA has a total of 294 contracts and purchase orders; 191 contracts and 103 purchase orders.
- Small business utilization was not captured for invoices prior to the establishment of the Small and Disadvantaged Business Enterprise Policy in August 2012. This affects 4 active contracts that were executed prior to August 2012: City of Fresno, Nossaman, PTG Pacheco Pass Corridor, and UPRR.
- Total Small Business Utilization percentage includes all Small Businesses (SB), Disadvantaged Business Enterprises (DBE), Disabled Veteran Business Enterprises (DVBE) and Microbusinesses (MB) on Active Awarded Contracts beholden to the SB Program only. Design Build Contracts for CP 1, CP 2-3 and CP 4 are based on dollars paid, all other contracts are based on dollars invoiced.

3. Actual expenditures reflect processed and paid invoices for active contracts.
4. This report includes data from the most recent invoices submitted to CHSRA, monthly or quarterly for active contracts.

Small Business Utilization percentage values for all subsequent eligible contracts represent the total dollar amount that was awarded to small businesses, divided by the total amount invoiced by the respective vendor, from the inception of small business utilization tracking to date.
6. **Dark Orange** text and an asterisk indicates new or changed items from last months report exist for this vendor/contractor.
7. As of **February 29, 2024**, the CHSRA has a total of **294** contracts and purchase orders; **191** contracts and **103** purchase orders.
8. Small business utilization was not captured for invoices prior to the establishment of the Small and Disadvantaged Business Enterprise Policy in August 2012. This affects 4 active contracts that were executed prior to August 2012: City of Fresno, Nossaman, PTG Pacheco Pass Corridor, and UPRR.
9. Total Small Business Utilization percentage includes all Small Businesses (SB), Disadvantaged Business Enterprises (DBE), Disabled Veteran Business Enterprises (DVBE) and Microbusinesses (MB) on Active Awarded Contracts beholden to the SB Program only. Design Build Contracts for CP 1, CP 2-3 and CP 4 are based on dollars paid, all other contracts are based on dollars invoiced.
